APPLICATION FOR OUTDOOR LIGHTING PERMIT

East Bradford Township, 666 Copeland School Rd., West Chester, PA 19380
610-436-5108 Fax: 610-436-8652

INSTRUCTIONS

1. Two copies of the completed application are required.
2. A lighting permit is NOT required for: a) seasonal decorative lighting (Dec 1 – Jan 15), b) fixtures with an aggregate wattage that does not exceed 40 watts of incandescent (500 lumens), c) low voltage or solar lighting.
3. The following information must accompany this application.
   - Detailed information (see page 2)
   - Sketch showing the residence, the general area(s) to be lighted, the location of the lighting equipment and the location of any neighbors from which the lighting will be visible.
   - Catalog cuts of proposed lighting equipment, including any shielding devices, with the catalog number of the select unit(s) clearly marked.
   - For commercial, industrial, or institutional applications involving multi-fixture installations, provide a point-by-point plot of anticipated lighting levels.

Under the provisions and requirements of the East Bradford Township Zoning Ordinance, Section 115-57, "Lighting," I/we apply for an outdoor lighting permit at the below location in accordance with the standards set forth in the above referenced section and agree to pay for the cost of review of this application by the lighting consultant for East Bradford Township.
