

The Robert "Bob" Hawkes

Naturalist Walk

SPRING 2019

Deceptive Invaders; Plants and Bugs that are taking over our Ecosystems

SUNDAY, APRIL 28, 2019 AT 12:30 P.M.

JANE I. REED PARK

840 Frank Road (park at elementary school)
West Chester, PA 19380

Walk with us as we explore Jane I. Reed Park, located next to East Bradford Elementary School, and the Peter W. Orr Nature Trail that meanders through the woods. As we walk with Dr. Will Ryan, he will discuss and point out the plants and bugs that are invading our ecosystem and wreaking havoc on our woods and nature areas along with our backyards. Participants will enjoy a walk of approximately 1 ½ to 2 hours of easy to moderate difficulty on dirt trails.

Will Ryan is a Philadelphia-based restoration ecologist and field botanist with nearly 20 years of experience in the management of ecologically significant natural areas in the Mid-Atlantic and New England regions. He completed PhD in Wildlife Ecology from the University of Delaware and currently holds a position as a scientist at a research institution in Philadelphia.
